

Align Sponsorship Update Volunteer

Help edit Child Sponsorship updates from our friends in Uganda. We have between 180 – 200 children that are sponsored in Uganda and we need volunteers with basic computer and writing skills to review and edit the online update for each child. Editing is minimal and includes proofing for proper spelling and grammatical errors before publishing updates to our Sponsors. The role is flexible and we work with your schedule. Everything is done online from your home computer. Updates are sent between March and October each year and it takes just a couple hours a week. If this interests you, please contact Lisa Halloran at lisahalloran1@gmail.com.
